

CP AXTRA Supplier Classification

Identification Criteria for Supplier Classification

- Critical Tier 1 Supplier** : Critical suppliers who directly supply products or services to the company. Suppliers with Significant Business Relationships – Suppliers that pose a risk due to the Company's dependency, including suppliers with high purchasing volume and/or suppliers impacting competitive advantage and market success and/or suppliers that are irreplaceable or have limited alternatives.
- Tier 1 Supplier** : Suppliers that directly supply products or services to the company.
- Critical Non-Tier 1 Supplier** : Critical suppliers who provide products or services to the company's tier 1 suppliers where the materials, products, or services provided have significant impact on competitive advantage and/or market success and/or have limited alternatives or irreplaceable.
- Non-Tier 1 Supplier** : Suppliers that provide their products and services to the company's Tier 1 suppliers.
